## ABOUT THE INSTITUTION

Sri Ranganathar Institute of Engineering and Technology (SRIET) was Estd in 2011. The institution was incepted for the upliftment of the rural youths, as the progress of any nation depends upon the education of its youth. With organized activity and maintained enthusiasm, a stalwart and efficient work is being done for the great cause on the line of world-class engineering and technological education. SRIET offers an inspiring ambience that fosters teaching-learning and research with knowledge and integrity, realising the fact that integrity without knowledge is meagre and idle whereas knowledge without integrity is meaningless. The Institution provides stimulating environment to the students towards intellectual development that leads to personal as well as professional upliftment. The Institute offers challenging opportunities for the students to make the learning process dynamic, besides equipping them with insights, attitudes, tactics and practical experience that are vital to take up responsibilities in this modern competitive world.

## ABOUT THE CONFERENCE

National Conference on Scientific Research and Integrated Emerging Technologies will be held in Coimbatore, Tamil Nadu and India on 24 March 2020. The NCSRIET 2020 is intended to act as a platform for Academicians, Research Scholars, PG Students, UG Students and Industrialists from different parts of the world to share their innovative thoughts and ideas in Science and Research Technologies. The vision of NCSRIET 2020 is to promote communication among researchers and practitioners working in a wide variety of the above areas in engineering and technology.

## CALL FOR PAPERS

Papers of original research contributions are invited from researchers, professionals, industrialists and academia on the topics related to the title and the theme of the conference. The original contributions from the authors which are not already submitted or published elsewhere are invited. The conference aims to cover the following areas but not limited to

- Power System
- Power Electronics
- Renewable Energy Resources
- Micro Grid/ Smart Grid
- Distributed Energy Resources
- Electrical Machines
- Optimization Techniques
- VLSI Design
- Embedded System
- Applied Electronics
- Big Data & Data Analytics
- Green Computing
- Wireless Sensor Networks
- Image Processing & Bio Metrics
- Mobile & Optical Communication
- Cloud Computing
- Network Security
- Internet of Things
- Machine Learning & Deep Learning
- Image Processing
- Aurdino
- Raspberry Pi
- Robotics
- Industrial Automation
- Nano Technology
- Material Science
- Broadband Communication
- Biomedical Engineering
- Artificial Intelligence

Soft copy of the full length manuscripts (in .doc IEEE format) shall be submitted to ncsriet2020@gmail.com. All the submitted papers are subjected to peer review process.

## TARGET AUDIENCE

- Industry Persons, Faculty Members, Research Scholars, PG Students and UG Students for all disciplines.
