Students need soft skills to be successful in their careers. Soft skills are personality traits that facilitate interaction with others in a meaningful way. Since most employers offer teamwork, soft skills are essential for students to improve employability skills that land on a dream career. They perform a significant role in the overall development of students' identities, thereby improving their career aspirations. This enables students to become self-assured individuals, as well as to develop all-around personalities with mature outlooks capable of functioning effectively in various situations.
