CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Effective Curriculum Delivery

The Institution follows the curriculum framed by Anna University. Based on the curriculum, the Institution prepares the academic calendar and the courses are allotted based on the faculty expertise.

Each faculty member creates a thorough course plan for their respective subjects that feature the textbooks, reference books, websites, and ICT tools for each topic. The Department Academic Council discusses the updated curriculum at a length to identify the gaps in the curriculum and proposes the ways to bridge /address the curriculum gaps. The course coverage is periodically assessed and any related issues/modifications, if found, are discussed in the next Department Academic Councils meeting for effective curriculum delivery.

Student centric teaching approach is adopted to facilitate participative and experiential learning atmosphere. The internal exams are designed to assess the attainments of the course outcomes. The academic audit is done by IQAC.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The Institution prepares the academic calendar based on the academic schedule published by the University. After getting the approval from the Principal, the schedule will be circulated to all the faculty and students and the same will be uploaded in the institution website for information and compliance.

- The academic calendar indicates the semester wise working period of the teachers, as per the university guidelines.
- The academic events like seminars, workshops, Guest lectures, Conferences and Symposiums are included as planned by the respective Head of each department.
- The internal test schedule is prepared by the Controller of Examinations (CoE) based on the schedule provided by the university and circulated to all the departments.
- The tentative schedule of committee meeting for all the classes is mentioned in the academic calendar.
- The tentative schedules for semester practical and theory examinations that are provided by the university are also specified in the academic calendar.
- The various activities like hourly test, practical examination, viva-voce exam, assignment, project and seminar and group discussion to be conducted by the teachers are indicated in the academic calendar.
- The academic calendar gives particular period to conduct extracurricular and social activities.

The institution has a record of adhering the schedule and about 90% is being adhered.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Crosscutting Issues

Apart from technical subjects, Human Resource Management subjects like 'Professional Ethics & Human Values' and 'Total Quality Management' are included in the Anna University curriculum that aims to prepare the students to be a socially responsible citizen with proper ethical, moral and professional standards. Likewise, cross cutting issues relevant to Gender, Human Values and Professional Ethics are covered in the prescribed syllabi of university in various subjects in the form of topics and chapters.

Keeping the need of the hour, the Institution educates the student community with a broad mind addressing a positive attitude towards

every situation they face in the society. A strong basement is created within the campus through various activities as described below,

- The Women Empowerment Cell attends the grievances of women employees and girl students on the gender discrimination and harassment, if any.
- The institution takes care to inculcate values related to environment and sustainability through various practices and programs under NSS.
- Beside the syllabus, the institution organizes programs to inculcate human values to students. Blood donation camp, health checkup, etc., are regularly organized in our campus.
- All national and cultural days are celebrated to respect the cultural differences and to develop brotherhood among student community.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Efforts to identify the students learning levels:

- The Students learning levels are analysed based on their cut-off marks during the Induction Programme.
- Based on Continuous Assessment (CA1) and semester performance, advanced learners and the Slow Learners are categorised and encouraged to involve in conference, technical symposium, paper presentation and project model.
- ' are analysed by mentors based on their academic performance, behaviour, social and psychological aspects.
- Class committee meetings are conducted thrice a semester.

Program for slow learners:

- Each mentor is assigned with 20 students per year.
- Preliminary Spoken English classes are taken for all students.
- Retest schedule and Remedial classes are conducted for slow learners identified through CIA exam.
- Concept map and flipped interactive slides are prepared for each unit with diagrammatic representation of topics and concept for easy learning.

Program for Advanced learners:

- Best Outgoing Awards are given for identified final year students from each department.
- Advanced learners are encouraged to attend workshops, symposiums, publish papers and innovative projects and also to get certified in NPTEL.
- Special Interest Group (SIG) has been formed for advanced learners

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Our Institution adopts 2017 regulation based students centric - OBE and CBCS methods. Effective teaching learning process is achieved through regular course delivery to attain and improve COs, POs & PSOs. Currently, OBLF methodology is being used to enhance the effectiveness of course delivery by identifying pre-requisite knowledge, STEM concepts, mind mapping, stimulating questions, etc. Cooperative learning using concept map, interactive learning, miniprojects, seminars, assignments, quiz, PPTs, video lectures, etc., entices students to learn and enlarges his learning capabilities.

Experiential Learning:

Experiential learning is enhanced through ICT tools; laboratory experiments that meet the syllabus requirement and beyond; assigning Miniprojects for III years and projects work for final years; attending workshops and industrial visits/internships for Industry-Institute Interaction and hands-on training

Individual Learning:

Individual learning is achieved through assignments and class seminars, reading library books and e-contents, SWAYAM-NPTEL initiatives, attending webinar, seminar and short time training

program(STTP).

Participative Learning:

Students are encouraged to participate in add-on courses, programs and guest lectures organized through IIC, conferences, symposiums, seminars, quiz and various inter & intra college events, Club activities like Tamil mandram, Communication club, YRC, Women's club, UBA & NSS, Sports and games to prepare the mindsets on participation and sportsmanship.

Problem Solving Methodologies:

1. Smart India Hackathon, promoted by MHRD imparts problem solving methodologies. 2. TamilNadu State Council for Science & Technology (TNSCST) funds our student projects.

3. Industry sponsored projects throw challenges to face the problems identified by industry and institution.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Empowering classrooms with Information & Communication Technology (ICT) tools supports, enhances and optimizes the delivery of information for "Effective Teaching and Learning". Faculty use ICT tools to enrich the teaching process through internet aided PPT and Videos. Each classroom is equipped with LCD Projectors, Audio System.

Departments and Conference rooms are provided Computers with Internet connectivity, LCD Projector and Speakers.

Digital Library- In addition to central library, digital library has been established.

The Media Studio in the campus is well equipped with Digital Camera, and Microphone to

produce educational videos and presentations.

Communication Lab: A digital communication lab provides an interactive platform to attain

language skills.

Enterprise Resource Planning (ERP)-Google Camps Stack is used in 'sriet.ac.in' domain that provides Email-id's for faculty, students, alumni and administrative staff to share academic content, newsletter, magazines.

Google Classroom is used to manage and post course related information - learning material,

quizzes, lab submissions and evaluations, assignments, etc.

Online Drawing Tools like concept maps and mind maps are used to enhance student-centric

activities.

Testmoz, an online website, is used to upload individual tasks where faculty can monitor students during lecture. Go-to-Meet and Google-Meet platforms are used to deliver online lectures.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Internal Assessment Procedure:

- Based on the Academic Schedule given by Affiliating University, an academic calendar is prepared by the Institution.
- The Academic calendar specifies the dates for completion of syllabus content, and conduction of Continuous Internal Assessments (CIAs) for theory.
- Course outcomes are tested based on their performance in the internal progress.
- Based on Revised Blooms Taxonomy, Faculty members prepare two sets of question papers for their respective subjects as per the syllabus. After getting the approval from the corresponding HOD, it is then submitted to the exam cell in advance before the commencement of the test. One set of question paper is randomly chosen by the COE and given for the exam.
- The overall progress is monitored by the Exam cell that checks the process of conduct of the entire evaluation process.
- A Fair and transparent assessment and evaluation procedure is adopted as a part of quality improvement program.
- The answer scripts of the class test are evaluated and distributed within a

week from the completion of examination. The results of the internal tests are uploaded periodically in the affiliating university web portal.

- Students can view their attendance and internal test marks in the Anna University web portal which can be viewed at any time.

File Description	Documents
Any additional information	View File
Link for additional information	https://www.sriet.ac.in/assessment/

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

At Institute level:

- Exam cell prepares the CIA Test circular and schedule based on academic schedule provided by Anna University.
- The schedule is read aloud to the students and posted on the Department Notice Board. Exams are conducted during exam time by well-planned seating arrangements and Hall Invigilation plans.
- It is the invigilator's responsibility to cross-check the number of answer booklets with the question paper of each hall.
- If students face any discrepancy like total mismatch or less marks for answered questions in answer script, concerned Faculty member has to solve it immediately.

At University level:

- End semester examination is conducted as per University guidelines.
- The course handling faculty notifies the exam cell of any discrepancy found in the question paper following the End semester examination, the same is forwarded by COE, through the Principal, to the affiliating University.

Re-Evaluation:

- If students are dissatisfied with their results, they can request re-evaluation of their answer scripts within a week of announcement of the results.
- After the publication of university semester results, the students have the option of receiving photocopies and revaluing the answer sheets.
- Subject faculty evaluates the photocopy and recommends for revaluation. Then COE sends the revaluation application to the university.
- Following the required processes, the University publishes

the revaluation results.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

SRIET strives to become the most preferred destination for holistic education to meet the industry demands. The Vision and Mission of the Institution emphasize the development of wholesome technocrats with discipline and integrity. The Learning Outcomes form an integral part to achieve Vision, Mission and Quality Policy of our Institution. Course Outcomes of each subject is explained to the students by the respective faculty.

Program Educational Objective (PEOs), Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs), defined by Anna University 2017 & 2021 regulations, have been meticulously followed for all Programmes / Courses in the curriculum.

Course Outcomes describe the cognitive mechanism that a course offers, which result in the information and skills that students learn at the end of each course.

The faculty members prepare detailed lesson plan for their course file, including laboratory, based on POs, PSOs, and COs mentioned in the syllabi. Department Advisory Committee (DAC) reviews the COs and effectiveness of academic processes executed in the previous semester.

POs, PSOs and PEOs are displayed on College Website, Departments, Classrooms, Laboratories and Course Delivery Plans. COs are specified in the Curriculum, Syllabi and Course Plan.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Institution aims to impart Outcome-Based Education and transforms the students into socially responsible, competent Engineers. Each program has number of courses and each course has its outcome. Attainment of all these outcomes lead to the attainment of Program Outcome. The efficiency and effectiveness of the process are continuously monitored and evaluated.

Attainment of Course Outcomes:

Benchmarks are set for the attainment of COs to determine whether they have been achieved or not. Direct and Indirect assessment tools are used for CO attainment.

- Direct Assessment Tools

For Theory Course, Outcomes of Students performance are evaluated based on the following parameters

- Continuous Internal Assessment (CIA) Examination
- Assignments
- End Semester University Examination

- Indirect Assessment Tool

Course end survey is taken at the end of every semester.

Attainment of Program Outcomes and Program Specific Outcomes:

CO-PO Mapping, Course to PO mapping, CO attainment and outcome of the survey give the attainment level of each program. Head of the Department analyses the attainment of POs of each student at the end of final semester and consolidates to validate the overall

attainment level for a particular batch.

3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Our Institute works with neighboring community and carried out a range of extension programs to help on the needs of neighborhood under NSS, YRC, RRC, UBA and other activities. Participating in such activities enlarges the knowledge, leadership qualities, skill level and self-confidence of students.

Unnat Bharat Abhiyan (UBA)

Activities involving students and staff members in the adopted villages are:

- Our students created awareness on hygiene in nearby villagers as a part of Outreach Programme of Swatch Bharat

initiatives.

National Service Scheme (NSS)

The NSS unit carried out numerous activities including:

- COVID -19 awareness programs have been created among students, staff members and through them in neighborhood.
- Medical camp and Eye camp were conducted inside the campus to ensure health and wellness of staff members and students of the Institute.

Youth Red Cross (YRC) and Red Ribbon Club (RRC)

YRC and RRC in SRIET actively entail various activities such as:

- Voluntary Blood Donation Drives have become a regular practice and quite a number of students and faculty donors are active in our campus.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Appraising the performance of an employee is an integral part in development of the Institution. A robust performance management system paves way for evaluating the performance of an individual amongst the peer group. It helps to identify the performance levels of individuals and gives input to reward them suitably.

FACULTY – PERFORMANCE APPRAISAL

SRIETs' faculty performance management system has four parameters as detailed below:

1. The Faculty performance in Academics is evaluated annually in Teaching Analysis, Result Evaluation for the Subjects Handled, University Rank or any other Achievements

2. Self - Development in improving problem solving skills, achieving personal goals and widening their knowledge.

3. SRIET encourages faculties to take up research activities through rewards

4. Their Contributions to Institution & Society Development

2. HOD – PERFORMANCE APPRAISAL

Besides to the Faculty – Performance appraisal form, HOD's performance would be evaluated by also considering the following parameters, Leadership & Management, Academics follow up Discipline, Communication and Relationship with Management.

3. NON TEACHING / ADMIN STAFF – PERFORMANCE APPRAISAL

Appraisal for the Non - Teaching / Admin staff members will be done on the basis of Technical competence, additional responsibilities / Contributions to the institution.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

SRIET has a well-defined financial management system having estimation on income and expenditures that may be incurred as non-recurring and recurring expenditures. SRIET conducts internal and external statutory audits in defined periods. SRIET appointed full time Accounts Officer to take care of the financial accounting who is well qualified in Tally v9.2. The records maintained by the Accounts Department is subjected to both Internal and External Audits.

Internal Audit Process: Internal audit process has been carried out by experienced professional once in six months. The internal auditor checks the fees receipt and other income receipts, verifies all the vouchers, entry of each vouchers in Tally and audits Cash book and other records.

External Audit Process: The accounts of the Institution will be audited by a qualified external auditor, who must be a registered Chartered Accountant appointed by the Management. The auditor looks into every single financial transaction of the Institution and its entry in the accounting system. They strictly scrutinize whether all such transactions are carried out as per law. After the completion of audit and verification of balance sheet auditor submits the report to Management for the final process.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources
SRIET has defined income mobilization sources as detailed below:

1. Contribution from Sri Ranganathar Trust

2. Fees: Admission of students are made through Anna University Counselling (TNEA) and Management quota. Other fees such as hostel or transport are charged on "no-profit no-loss" basis and receipts are issued for all the fees paid by the students.

3. Donations: Individual Indian nationals and industries can donate any fund to SRI Trust are exempted under section 80G of Income Tax Act

4. Grants: SRIET also welcomes and works for grants for the development of Institution or doing a specific project from government bodies and private industries/ organizations.

5. Alumni Contributions: Alumni of the Institution can also contribute to the development of the SRIET.

6. Other Income: SRIET aims to mobilize funds through consultancy services, research works, royalty on patents and skill development initiatives.

Optimal Utilization of Resources

Funds generated from various sources are used to build, enhance and maintain physical infrastructural facilities, upgrade the technologies to match with the latest developments, like Smart Classrooms / Seminar hall, Library, Laboratories, Sports facilities, Fitness / Yoga Centre, Seminar Hall/ Auditorium.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Internal Quality Assurance Cell (IQAC) has been constituted in 2017 and playing an important role in designing, developing, implementing and monitoring quality systems in the institution. The day to day function of IQAC is handled by a Director, assisted by Additional director and Secretary.

1. HOSTING NATIONAL LEVEL TECHNICAL EVENTS

SRIET hosted many national level technical symposiums which had representation from many colleges and universities. IQAC cell at SRIET has provided guidance to departments to organize more technical events & extension activities.

2. FACULTY COMPETANCE/ STUDENT CAPABILITY ENHANCEMENT ACTIVITIES

IQAC encourages the faculty members to take up student developmental initiatives in terms of building up their leadership, organizing, innovating, researching and enterprising capabilities. FDPs resulted in the knowledge and quality level of faculty members and through them knowledge transfer has happened to students. IQAC which is having participation of academic/industry expert's gives ideas in designing the means of inputs and its level to meet current trend in industry. A well-

defined Mentoring system of SRIET's IQAC resulted in more active participation of students in national/international, inter- intra college seminars, symposiums, workshops, guest lectures, internships, NPTEL courses.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

SRIET effectively uses the formation of the IQAC. The improvements are noted in terms of quality and resultant. IQAC ensures the lesson plan are in line with curriculum, question paper setting based on Blooms Taxonomy Levels, identification of Advanced learners and Slow learners.

1. Content Beyond Syllabus

SRIET strongly believes that the students should be given maximum inputs with regard to the program he/she undergoes. Content beyond syllabus are identified while preparing the lesson plan for the semester and sent to IQAC through the HOD. IQAC monitors the effectiveness of such programs through the assessment by the faculty member or student's feedback.

2. E-Resources

A separate Learning management system (LMS) has been initiated by IQAC. It provides new E-learning materials and E journals have been provided like Springer Link, DELNET, Pro Quest etc. It provides access to students and faculty members to the most advanced and latest E-learning resources. Faculty members are encouraged to develop E -contents for the courses handled enabling students to access the content seamlessly. All students are motivated to register for NPTEL courses every semester. The students attending NPTEL courses are guided by the Mentors and they are guided to solve the weekly assignments provided.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Gender equality refers to the equal responsibilities, rights and opportunities for males and females in the society. By promoting gender equality in areas such as health care, education, jobs and role in administration with equal monetary benefits and decision-making, the overall economic sustainability will be improved.

Student Council: Student council is one of the most powerful tools of our Institute which safeguards the harmony and healthy relationship among the students, Faculty and the Management. In

order to address the concerns of the students, both boys and girls students participate equally in the associations, cultural clubs, music groups, and roles as class representatives and members of class committees.

Women's Empowerment Cell:

Women Empowerment Cell has been efficiently operated in SRIET to attain the empowerment of women that benefits girl students in all aspects. Women empowerment cell is committed to protect women's and girls' holistic wellness, emotional, physical and social well-being on campus, and by organising several activities like Seminars, Guest Lectures and other welfare programs, etc.

Safety & Security: To ensure safety of student community, especially for girl students and women faculty members inside the campus, Security guards are posted at prime points and Wardens in the hostel. In addition, surveillance of the campus and hostel is done through CCTV cameras installed at all the junction points.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The Institution has taken a number of steps to ensure that the campus is environmentally friendly. The campus is lush with vegetation and immaculately maintained. A dedicated community of caretakers, sweepers, and housekeeping workers maintains the campus, lawns, and trees.

01. SOLID WASTE MANAGEMENT SYSTEM

- SRIET promotes green initiatives like Plastic Free campus and Swachh Bharath to encourage environment friendly practices
- Garden wastes are converted to manure by adding it to compost pit and decomposed manure are used for gardening in the campus

02. LIQUID MANAGEMENT SYSTEM

- The liquid waste at campus includes Canteen, Hostel, Laboratory, R. O. reject, Sewage and other effluent waste
- Reverse Osmosis (RO) waste water is diluted with raw water and used for irrigation.

03. BIO MEDICAL WASTE

- Biomedical waste from laboratories and other sources are given to the external agencies for proper disposal

04. E-WASTE MANAGEMENT SYSTEM

With the aim of building an environmentally sustainable atmosphere on campus, the Institution has implemented a range of E-waste Management initiatives such as computers and their peripherals, are mostly upgraded and reused from prevent being thrown away.

05. WASTE RECYCLING SYSTEM

- Sewage treatment plant runs with total design capacity of 75 KLD (kilolitres per day) to treat entire wastewater generated in the campus and to reuse the treated water for non-contact use like gardening.

06. HAZARDOUS CHEMICAL AND RADIO WASTE MANAGEMENT SYSTEM

The waste generated from the chemistry laboratory are very minimum and possesses little risk. Such kind of waste from chemistry laboratory, if any, are neutralized and discarded after dilution.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

CULTURAL ACTIVITIES

SRIET houses students from various straits of society, linguistic and demography. Social and cultural activities celebrated in the Institution pave way to understand each other's religion, culture and life style.

REGIONAL CELEBRATIONS

Festivals are celebrated to share special moments and feelings and to understand the cultural importance of other religions. In one way or another, every festival is cultural. National, religious, and seasonal festivals are celebrated in various forms like Pongal, Onam, etc.

LINGUISTIC ACTIVITY

- **Tamil Mandram:** SRIET encourages steps for promoting Tamil amongst the students by organising various programs, Tamil events and also organizes book fairs.

COMMUNAL & SOCIO ECONOMIC ACTIVITIES

- **UBA Activities:** Unnat Bharath Abhiyan (UBA) of SRIET is providing excellent service to the community and neighbourhood.
- allows students to participate in intercollegiate, interuniversity and interstate camps, as well as to share ideas with students from other schools, universities, and states.

- YRC & RRC: Volunteers organize programmes such as Medical Camps, Blood Donation Camp, etc...

CLUB ACTIVITIES:

Our club activities aims at developing various skills and also provide the platform to exhibit their talents in all ways.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

SRIET strongly believes in making the students as a responsible citizen. In that context, the faculty members closely work with the students individually and collectively inculcating the value systems, the rights they have in the Institution and the society, the duties and responsibilities they need to deliver back to the society they are from.

AWARENESS PROGRAMMES

- Environmental Consciousness: Environmental cleanliness is important for a person's stronger body and mind, and it is everyone's duty and obligation to keep the atmosphere as clean as possible.

Our college has registered as a Participating institution under Swachh Bharat Abhiyan and Unnat Bharath Abhiyan, initiated by the Government of India. Through these campaigns, students are motivated to participate in various awareness programmes in and around nearby villages.

AWARENESS CAMPAIGN

Students and staff at SRIET are encouraged to place equal value on educating the society at large by holding and profiting from annual awareness campaigns on topics such as Dengue, Tree

planting, Blood Donation Camps, the right to vote, and plastic-free campuses.

INDEPENDENCE DAY & REPUBLIC DAY

Every year in SRIET, Independence day & Republic day are celebrated in a grand manner with raising of National Flag and addressed by the chief guest. All Students and faculty members participated.

TEACHERS DAY CELEBRATIONS

SRIET students celebrates Teachers' Day as a token of appreciation and thanks giving to Teachers who are shaping them as better technocrats. Many programs and games are organized by students for faculty's members to make the day as a remarkable one.

ENGINEERS DAY: September 15th is celebrated as National Engineer's Day to appreciate and remember the contributions of Sir Mokshagundam Visvesvaraya, Students organize various programme to exhibit their talents.

NATIONAL YOUTH DAY: National Youth Day/Yuva Diwas, is celebrated on 12th January marking the birthday of Swami Vivekananda. It is celebrated to motivate the youths and spreading and sharing the ideas of Swamij.

INTERNATIONAL YOGA DAY: It has been observed on the 21st June of every year. On this day the value of yoga is imparted to the students as well as to our Faculty members of SRIET

GURU WITH SELFIE DAY: Union Minister of Human Resource Development-(HRD) has launched a campaign, Guru with Selfie day-July-15th to Honour Guru Purnima. Students and teachers to take a selfie with a Guru and post it on social media.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

INSTITUTIONAL BEST PRACTICE - 01

- TITLE OF THE PRACTICE Product Development and Patent Registration
- OBJECTIVES OF THE PRACTICE
- To enable students to sharpen their knowledge & skills and to become entrepreneurs or research scholars.
- CONTEXT

Product Development in the Institution must remain conscious of how they present and communicate their educational service for improving employability skills of students and differentiate themselves from other Institutions in a unique way

THE PRACTICE

This practice includes Project Selection, Product Development and Patent Registration.

- EVIDENCE OF SUCCESS

In our Institution, Pre final year Mechanical Engineering students are actively involved in the designing and fabricating of Battery Powered Vehicle.

V . PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

students are lacking in the area of process of development from obtained ideas and convert the product in a patent form.

INSTITUTIONAL BEST PRACTICE - 02

- TITLE OF THE PRACTICE

Mentor - Mentee System

- OBJECTIVES OF PRACTICE

Mentor - Mentee system is basically a one to one interaction. They assist people in developing ideas, overcoming obstacles, achieving their professional objectives, and celebrating successes.

- CONTEXT

Throughout the programme, a faculty member who serves as a Mentor typically mentors 15 to 20 students. Mentors provide guidance on individual's personality, personal grooming, academics, career, sports and other extension activities.

THE PRACTICE

Following responsibilities will be assigned to the Mentor:

- Duty of Mentor is to inform the parents of the students who are weak in subjects and having more arrears. Special coaching class is given to students with more arrears during weekends.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

BRIDGING THE GAP BETWEEN CURRICULUM AND INDUSTRIES

SRIET aims to make students as industry ready technocrats through redefining OBE. SRIET is assigning importance to requirement of its stake holder, students, parents, Industry, society and Alumni. Industry is playing key role in the area of curriculum design, in-plant training, internship, one credit course and faculty training.

SRIET is a fully Industry Integrated Institute, our students are learning theories in Class room, experimenting it in Lab and practicing it in our Industry. Learning in real working atmosphere exposes students to various challenges including problem solving, discipline, crisis handling, work force management & team spirit therefore making them fully Industry ready.

SRI Conglomerate of Industries:

SRIET is an Industry Integrated Institute offering quality Engineering Education to cater to needs of Industry. It aims at equipping our students with latest knowledge & practical training on technology much essential in operations of various industrial equipment and processes.

SRI Unit I:Manufactures high quality machined Steel Castings at

Edyarpalayam, Coimbatore

SRI Valves:Manufactures wide range of Industrial Valves at Arasur, Coimbatore.

SRI Unit II:Manufactures high quality Investment Castings at Kariyampalayam, Coimbatore.

Training Modules:

SRIET developed customized training modules incorporating the views of Industrial Experts to bridge the gap between Curriculum and Industries. SRIET provides opportunity for the students to get industrial exposure during the tenure in institute which ensures creation of industry ready engineers.

Training modules are formulated,

- Stake holder analysis.
- Formulate graduate attributes.
- Curriculum and mapping with attributes.
- Align with subjects in every semester.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Effective Curriculum Delivery

The Institution follows the curriculum framed by Anna University. Based on the curriculum, the Institution prepares the academic calendar and the courses are allotted based on the faculty expertise.

Each faculty member creates a thorough course plan for their respective subjects that feature the textbooks, reference books, websites, and ICT tools for each topic. The Department Academic Council discusses the updated curriculum at a length to identify the gaps in the curriculum and proposes the ways to bridge /address the curriculum gaps. The course coverage is periodically assessed and any related issues/modifications, if found, are discussed in the next Department Academic Councils meeting for effective curriculum delivery.

Student centric teaching approach is adopted to facilitate participative and experiential learning atmosphere. The internal exams are designed to assess the attainments of the course outcomes. The academic audit is done by IQAC.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The Institution prepares the academic calendar based on the academic schedule published by the University. After getting the approval from the Principal, the schedule will be circulated to all the faculty and students and the same will be uploaded in the institution website for information and

compliance.

- The academic calendar indicates the semester wise working period of the teachers, as per the university guidelines.
- The academic events like seminars, workshops, Guest lectures, Conferences and Symposiums are included as planned by the respective Head of each department.
- The internal test schedule is prepared by the Controller of Examinations (CoE) based on the schedule provided by the university and circulated to all the departments.
- The tentative schedule of committee meeting for all the classes is mentioned in the academic calendar.
- The tentative schedules for semester practical and theory examinations that are provided by the university are also specified in the academic calendar.
- The various activities like hourly test, practical examination, viva-voce exam, assignment, project and seminar and group discussion to be conducted by the teachers are indicated in the academic calendar.
- The academic calendar gives particular period to conduct extracurricular and social activities.

The institution has a record of adhering the schedule and about 90% is being adhered.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Crosscutting Issues

Apart from technical subjects, Human Resource Management subjects like 'Professional Ethics & Human Values' and 'Total Quality Management' are included in the Anna University curriculum that aims to prepare the students to be a socially responsible citizen with proper ethical, moral and professional standards. Likewise, cross cutting issues relevant to Gender, Human Values and Professional Ethics are covered in the prescribed syllabi of university in various subjects in the form of topics and chapters.

Keeping the need of the hour, the Institution educates the student community with a broad mind addressing a positive attitude towards every situation they face in the society. A strong basement is created within the campus through various activities as described below,

- The Women Empowerment Cell attends the grievances of women employees and girl students on the gender discrimination and harassment, if any.
- The institution takes care to inculcate values related to environment and sustainability through various practices and programs under NSS.
- Beside the syllabus, the institution organizes programs to inculcate human values to students. Blood donation camp, health checkup, etc., are regularly organized in our campus.
- All national and cultural days are celebrated to respect the cultural differences and to develop brotherhood among student community.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Efforts to identify the students learning levels:

- The Students learning levels are analysed based on their cut-off marks during the Induction Programme.
- Based on Continuous Assessment (CA1) and semester performance, advanced learners and the Slow Learners are categorised and encouraged to involve in conference, technical symposium, paper presentation and project model.
- ' are analysed by mentors based on their academic performance, behaviour, social and psychological aspects.
- Class committee meetings are conducted thrice a semester.

Program for slow learners:

- Each mentor is assigned with 20 students per year.
- Preliminary Spoken English classes are taken for all students.
- Retest schedule and Remedial classes are conducted for slow learners identified through CIA exam.
- Concept map and flipped interactive slides are prepared for each unit with diagrammatic representation of topics and concept for easy learning.

Program for Advanced learners:

- Best Outgoing Awards are given for identified final year students from each department.

- Advanced learners are encouraged to attend workshops, symposiums, publish papers and innovative projects and also to get certified in NPTEL.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Our Institution adopts 2017 regulation based students centric - OBE and CBCS methods. Effective teaching learning process is achieved through regular course delivery to attain and improve COs, POs & PSOs. Currently, OBLF methodology is being used to enhance the effectiveness of course delivery by identifying pre-requisite knowledge, STEM concepts, mind mapping, stimulating questions, etc. Cooperative learning using concept map, interactive learning, miniprojects, seminars, assignments, quiz, PPTs, video lectures, etc., entices students to learn and enlarges his learning capabilities.

Experiential Learning:

Experiential learning is enhanced through ICT tools; laboratory experiments that meet the syllabus requirement and beyond; assigning Miniprojects for III years and projects work for final years; attending workshops and industrial visits/internships for Industry-Institute Interaction and hands-

on training

Individual Learning:

Individual learning is achieved through assignments and class seminars, reading library books and e-contents, SWAYAM-NPTEL initiatives, attending webinar, seminar and short time training program(STTP).

Participative Learning:

Students are encouraged to participate in add-on courses, programs and guest lectures organized through IIC, conferences, symposiums, seminars, quiz and various inter & intra college events, Club activities like Tamil mandram, Communication club, YRC, Women's club, UBA & NSS, Sports and games to prepare the mindsets on participation and sportsmanship.

Problem Solving Methodologies:

1.Smart India Hackathon, promoted by MHRD imparts problem solving methodologies. 2.TamilNadu State Council for Science &Technology(TNSCST)funds our student projects.

3.Industry sponsored projects throw challenges to face the problems identified by industry and institution.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Empowering classrooms with Information & Communication Technology (ICT) tools supports, enhances and optimizes the delivery of information for "Effective Teaching and Learning". Faculty use ICT tools to enrich the teaching process through internet aided PPT and Videos. Each classroom is equipped with LCD Projectors, Audio System.

Departments and Conference rooms are provided Computers with

Internet connectivity, LCD Projector and Speakers.

Digital Library- In addition to central library, digital library has been established.

The Media Studio in the campus is well equipped with Digital Camera, and Microphone to

produce educational videos and presentations.

Communication Lab: A digital communication lab provides an interactive platform to attain

language skills.

Enterprise Resource Planning (ERP)-Google Camps Stack is used in 'sriet.ac.in' domain that provides Email-id's for faculty, students, alumni and administrative staff to share academic content, newsletter, magazines.

Google Classroom is used to manage and post course related information - learning material,

quizzes, lab submissions and evaluations, assignments, etc.

Online Drawing Tools like concept maps and mind maps are used to enhance student-centric

activities.

Testmoz, an online website, is used to upload individual tasks where faculty can monitor students during lecture. Go-to-Meet and Google-Meet platforms are used to deliver online lectures.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Internal Assessment Procedure:

- Based on the Academic Schedule given by Affiliating University, an academic calendar is prepared by the Institution.
- The Academic calendar specifies the dates for completion of syllabus content, and conduction of Continuous Internal Assessments (CIAs) for theory.
- Course outcomes are tested based on their performance in the internal progress.
- Based on Revised Blooms Taxonomy, Faculty members prepare two sets of question papers for their respective subjects as per the syllabus. After getting the approval from the corresponding HOD, it is then submitted to the exam cell in advance before the commencement of the test. One set of question paper is randomly chosen by the COE and given for the exam.
- The overall progress is monitored by the Exam cell that checks the process of conduct of the entire evaluation process.
- A Fair and transparent assessment and evaluation procedure is adopted as a part of quality improvement program.
- The answer scripts of the class test are evaluated and distributed within a

week from the completion of examination. The results of the

internal tests are uploaded periodically in the affiliating university web portal.

- Students can view their attendance and internal test marks in the Anna University web portal which can be viewed at any time.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

At Institute level:

- Exam cell prepares the CIA Test circular and schedule based on academic schedule provided by Anna University.
- The schedule is read aloud to the students and posted on the Department Notice Board. Exams are conducted during exam time by well-planned seating arrangements and Hall Invigilation plans.
- It is the invigilator's responsibility to cross-check the number of answer booklets with the question paper of each hall.
- If students face any discrepancy like total mismatch or less marks for answered questions in answer script, concerned Faculty member has to solve it immediately.

At University level:

- End semester examination is conducted as per University guidelines.
- The course handling faculty notifies the exam cell of any discrepancy found in the question paper following the End semester examination, the same is forwarded by COE, through the Principal, to the affiliating University.

Re-Evaluation:

- If students are dissatisfied with their results, they can request re-evaluation of their answer scripts within a week of announcement of the results.
- After the publication of university semester results, the

students have the option of receiving photocopies and revaluing the answer sheets.

- Subject faculty evaluates the photocopy and recommends for revaluation. Then COE sends the revaluation application to the university.
- Following the required processes, the University publishes the revaluation results.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

SRIET strives to become the most preferred destination for holistic education to meet the industry demands. The Vision and Mission of the Institution emphasize the development of wholesome technocrats with discipline and integrity. The Learning Outcomes form an integral part to achieve Vision, Mission and Quality Policy of our Institution. Course Outcomes of each subject is explained to the students by the respective faculty.

Program Educational Objective (PEOs), Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs), defined by Anna University 2017 & 2021 regulations, have been meticulously followed for all Programmes / Courses in the curriculum.

Course Outcomes describe the cognitive mechanism that a course offers, which result in the information and skills that students learn at the end of each course.

The faculty members prepare detailed lesson plan for their course file, including laboratory, based on POs, PSOs, and COs mentioned in the syllabi. Department Advisory Committee (DAC) reviews the COs and effectiveness of academic processes executed in the previous semester.

POs, PSOs and PEOs are displayed on College Website, Departments, Classrooms, Laboratories and Course Delivery Plans. COs are specified in the Curriculum, Syllabi and Course Plan.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Institution aims to impart Outcome-Based Education and transforms the students into socially responsible, competent Engineers. Each program has number of courses and each course has its outcome. Attainment of all these outcomes lead to the attainment of Program Outcome. The efficiency and effectiveness of the process are continuously monitored and evaluated.

Attainment of Course Outcomes:

Benchmarks are set for the attainment of COs to determine whether they have been achieved or not. Direct and Indirect assessment tools are used for CO attainment.

- Direct Assessment Tools

For Theory Course, Outcomes of Students performance are evaluated based on the following parameters

- Continuous Internal Assessment (CIA) Examination
- Assignments
- End Semester University Examination

- Indirect Assessment Tool

Course end survey is taken at the end of every semester.

Attainment of Program Outcomes and Program Specific Outcomes:

CO-PO Mapping, Course to PO mapping, CO attainment and outcome of the survey give the attainment level of each program. Head of the Department analyses the attainment of POs of each student at the end of final semester and consolidates to validate the overall attainment level for a particular batch.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

1. Academic Facilities:

SRIET follows AICTE norms in providing adequate infrastructure facilities be in terms of numbers and area for classrooms, laboratory, drawing halls, seminar halls, tutorial halls, computers, IT infrastructure, etc... In addition to that,

Institution follows University norms with respect to laboratory curriculum viz., experiments, detail of equipment and other infrastructure requirements including department offices, exam cell, strong room, etc. The above provisions have been continuously inspected by Anna University before granting affiliation.

SRIET has four blocks that are well connected to cater teaching-learning activities and three separate hostel blocks to accommodate the students. Block A in-houses all the departments consisting of five tutorial rooms, twenty classrooms and two seminar halls equipped with smart learning systems including LCD projectors, wireless microphones, marker boards and public announcement system to conduct lectures, workshops, etc. Each department is provided with sophisticated cabins for the faculty members. It also houses Board / Principals' office, Administrative office, Library and Language Lab.

Block B in-houses a seminar hall with more than 400 seating capacity and physical education department. All department laboratories including two drawing halls are in-housed in Block C and D.

2. Laboratory Facilities:

53 laboratories are established in an area of 4720 sq.m. to facilitate the departments' specific curriculum requirements to accommodate state-of-the-art lab equipment, machinery, tools and workshops.

Advanced educational software packages viz. Solid works, AutoCAD, Creo, ANSYS, CFD, MATLAB, Simulink, STAAD Pro, Lab View, Oracle-SQL, Fanuc and Automation Studio etc. are also available for the computing purpose

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

1. Central Library

Central Library has around 16000 books in its collection and was established in a spacious and pleasant environment. Every year, SRIET subscribes around 50 printed journal which has been kept in separate area for ease of accessibility.

Library is fully automated through Integrated Library Management System (ILMS) namely "AutoLib" from the year 2011. The software handles all library activities such as issue, renewal & return of books, data entry, storage & retrieval, online book reservation, member logins, report management, e-resource management, user data maintenance, utilization analysis, article alert service, OPAC & AutoLib Android Mobile App, etc.

2. Digital Library

SRIET has a three-tier system providing such quality e-resources to students through Open Access resources like IEEE, Elsevier, National Digital Library of India (NDLI), ACS e-Books, AMS Books etc and Subscribed Resources like Springer Link, DELNET Pro-Quest Engineering & Technology, DELNET Institution Membership etc.. through INFLIBNET

Learning Management System (LMS): SRIET has a strong LMS which includes Syllabus, PowerPoint Presentations, Video Lectures, Lecture Notes, Question Banks and other learning resources. Anytime access is provided for the above through our website.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

Better IT connectivity through modernized facilities is a basic requirement for development the Institution, faculty and students to the outside world.

1. Bandwidth

The Institution has a 60 Mbps leased line of internet connectivity from Skylink Fibernet Private Limited. In addition to that, 40 Mbps internet connectivity from BSNL has been added for providing high-speed broadband facility.

2. Wi-Fi facilities:

WIFI facilities have been extended to students, faculty members and guests.

3. Networking:

All the computers are connected through wired network and the networking devices like LAN switches, Ethernet, Optical Fiber Cable, etc... are constantly updated.

4. Software:

The Institution has ERP software, CAMPSSTACK, for managing its operations and academic functions.

5. Hardware:

Intel Core i3 1st generation processor, 4 GB RAM DDR3, 320 GB HDD
Intel Core i3 3rd generation processor, 8 GB RAM DDR3, 500 GB HDD

Intel Core i3 10th generation processor, 8 GB RAM DDR3, 1TB HDD,
120GB M2 SSB Intel Core i5 4th generation processor, 8 GB RAM and 500 GB HDD

Servers:

Institution has updated the servers for better cliental experience:

IBM server with Intel (R) Xeon (R) processor, 6GB Ram, 160GB hard disk.

Institute established IBM server

IT Security:

Firewall was updated from version Sonicwall - TZ400 with a maximum of 50 users to Sonicwall - TZ3650 with a maximum of 500 users at a time.

Surveillance Cameras:

The campus including main gate, hostels, canteens, parking and every corridor is equipped with CCTV cameras for ensuring safety and security.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The Institute has well-established systems and procedures to ensure proper maintenance and optimum utilization of physical, academic and support facilities.

1. Laboratory Facilities:

Daily maintenance is carried out in a periodic manner. Based on requirements, a concerned lab in charge through HODs raise the requisition for annual maintenance/repair to Maintenance In-charge who addresses it either internally or externally. Preventive maintenance tasks are taken up during semester leave to avoid disturbance of classes.

2. Library Facilities:

Central Library: Issuing, renewal, stock and receiving of books are maintained through AutoLib software. Digital Library is monitored and maintained by librarian.

Department Library: Utilization of Separate department library are monitored by faculty in charge for department library resources and HOD.

3. Sports Facilities:

Physical director takes responsibility for maintenance, repairs and purchase of sports equipment.

4. Computers and allied Infrastructure:

System Administrator checks the internet connectivity on a regular basis. Minor repairs or modifications are carried out by system administrator and in case of outsourcing quotations/approval are obtained before it is carried out by the outside agency.

5. Class Rooms:

Classrooms are properly cleaned by housekeeping staff on a daily basis and monitored by in-charges.

6. Seminar Halls:

Housekeeping and maintenance requirements are carried out by concerned team and monitored by HR Department.

Other facilities:

A technical staff is allocated to operate and maintain the facilities available in our institution like

Reverse Osmosis (RO), Lift, Stores, ATM, Water Tank, Generators & UPS, Yoga, Gym Transportation, Canteen, Hostel, Safety Equipment

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

As the primary focus is on the interests of the students and their overall development, SRIET offers a platform for students to express their opinions and serve as representatives in various committees. By participating in various committees, students get exposure of social and corporate atmosphere. It helps the institute to generate fresh ideas which infuses dynamism in the institute's environment.

Student Council:

It serves as the voice of the student body and allows students to involve in college issues.

Class Committee Meeting:

Enhancing the teaching-learning process is the main objective of Class Committee.

Department Advisory Committee:

This committee addresses the curriculum gap by gathering opinions and recommendations from subject experts from business, academia, alumni, faculty, parents, and students

Training and Placement Cell:

It organises interviews from various companies. It also runs training programmes on various domain.

Library Committee:

It provides a channel of communication among the Library, faculty, staff and students. It oversees the appropriate use of resources and services too.

Sports & Cultural committee:

This committee aims to provide a forum for showcasing the distinctive abilities of students.

Hostel and Mess Committee:

The committee's major goal is to make sure SRIET's mess and hostel facilities run without a hitch. It looks after the flavour and quality of food supplied in a mess. Also, it holds the responsibility of maintaining a clean environment.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Appraising the performance of an employee is an integral part in development of the Institution. A robust performance management system paves way for evaluating the performance of an individual amongst the peer group. It helps to identify the performance levels of individuals and gives input to reward them suitably.

FACULTY – PERFORMANCE APPRAISAL

SRIETs' faculty performance management system has four parameters as detailed below:

1. The Faculty performance in Academics is evaluated annually in Teaching Analysis, Result Evaluation for the Subjects Handled, University Rank or any other Achievements
2. Self - Development in improving problem solving skills, achieving personal goals and widening their knowledge.
3. SRIET encourages faculties to take up research activities through rewards
4. Their Contributions to Institution & Society Development

2. HOD – PERFORMANCE APPRAISAL

Besides to the Faculty – Performance appraisal form, HOD's performance would be evaluated by also considering the following parameters, Leadership & Management, Academics follow

up Discipline, Communication and Relationship with Management.

3. NON TEACHING / ADMIN STAFF - PERFORMANCE APPRAISAL

Appraisal for the Non - Teaching / Admin staff members will be done on the basis of Technical competence, additional responsibilities / Contributions to the institution.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Internal Quality Assurance Cell (IQAC) has been constituted in 2017 and playing an important role in designing, developing, implementing and monitoring quality systems in the institution. The day to day function of IQAC is handled by a Director, assisted by Additional director and Secretary.

1. HOSTING NATIONAL LEVEL TECHNICAL EVENTS

SRIET hosted many national level technical symposiums which had representation from many colleges and universities. IQAC cell at SRIET has provided guidance to departments to organize more technical events & extension activities.

2. FACULTY COMPETANCE/ STUDENT CAPABILITY ENHANCEMENT ACTIVITIES

IQAC encourages the faculty members to take up student developmental initiatives in terms of building up their leadership, organizing, innovating, researching and enterprising capabilities. FDPs resulted in the knowledge and quality level of faculty members and through them knowledge

transfer has happened to students. IQAC which is having participation of academic/industry expert's gives ideas in designing the means of inputs and its level to meet current trend in industry. A well-defined Mentoring system of SRIET's IQAC resulted in more active participation of students in national/international, inter- intra college seminars, symposiums, workshops, guest lectures, internships, NPTEL courses.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

SRIET effectively uses the formation of the IQAC. The improvements are noted in terms of quality and resultant. IQAC ensures the lesson plan are in line with curriculum, question paper setting based on Blooms Taxonomy Levels, identification of Advanced learners and Slow learners.

1. Content Beyond Syllabus

SRIET strongly believes that the students should be given maximum inputs with regard to the program he/she undergoes. Content beyond syllabus are identified while preparing the lesson plan for the semester and sent to IQAC through the HOD. IQAC monitors the effectiveness of such programs through the assessment by the faculty member or student's feedback.

2. E-Resources

A separate Learning management system (LMS) has been initiated by IQAC. It provides new E-learning materials and E journals have been provided like Springer Link, DELNET, Pro Quest etc. It provides access to students and faculty members to the most advanced and latest E-learning resources. Faculty members are encouraged to develop E -contents for the courses handled enabling students to access the content seamlessly. All students are motivated to register for NPTEL courses every

semester. The students attending NPTEL courses are guided by the Mentors and they are guided to solve the weekly assignments provided.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Gender equality refers to the equal responsibilities, rights and opportunities for males and females in the society. By promoting gender equality in areas such as health care,

education, jobs and role in administration with equal monetary benefits and decision-making, the overall economic sustainability will be improved.

Student Council: Student council is one of the most powerful tools of our Institute which safeguards the harmony and healthy relationship among the students, Faculty and the Management. In order to address the concerns of the students, both boys and girls students participate equally in the associations, cultural clubs, music groups, and roles as class representatives and members of class committees.

Women's Empowerment Cell:

Women Empowerment Cell has been efficiently operated in SRIET to attain the empowerment of women that benefits girl students in all aspects. Women empowerment cell is committed to protect women's and girls' holistic wellness, emotional, physical and social well-being on campus, and by organising several activities like Seminars, Guest Lectures and other welfare programs, etc.

Safety & Security: To ensure safety of student community, especially for girl students and women faculty members inside the campus, Security guards are posted at prime points and Wardens in the hostel. In addition, surveillance of the campus and hostel is done through CCTV cameras installed at all the junction points.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The Institution has taken a number of steps to ensure that the campus is environmentally friendly. The campus is lush with vegetation and immaculately maintained. A dedicated community of caretakers, sweepers, and housekeeping workers maintains the campus, lawns, and trees.

01. SOLID WASTE MANAGEMENT SYSTEM

- SRIET promotes green initiatives like Plastic Free campus and Swachh Bharath to encourage environment friendly practices
- Garden wastes are converted to manure by adding it to compost pit and decomposed manure are used for gardening in the campus

02. LIQUID MANAGEMENT SYSTEM

- The liquid waste at campus includes Canteen, Hostel, Laboratory, R. O. reject, Sewage and other effluent waste
- Reverse Osmosis (RO) waste water is diluted with raw water and used for irrigation.

03. BIO MEDICAL WASTE

- Biomedical waste from laboratories and other sources are given to the external agencies for proper disposal

04. E-WASTE MANAGEMENT SYSTEM

With the aim of building an environmentally sustainable atmosphere on campus, the Institution has implemented a range

of E-waste Management initiatives such as computers and their peripherals, are mostly upgraded and reused from prevent being thrown away.

05. WASTE RECYCLING SYSTEM

- Sewage treatment plant runs with total design capacity of 75 KLD (kilolitres per day) to treat entire wastewater generated in the campus and to reuse the treated water for non-contact use like gardening.

06. HAZARDOUS CHEMICAL AND RADIO WASTE MANAGEMENT SYSTEM

The waste generated from the chemistry laboratory are very minimum and possesses little risk. Such kind of waste from chemistry laboratory, if any, are neutralized and discarded after dilution.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

BRIDGING THE GAP BETWEEN CURRICULUM AND INDUSTRIES

SRIET aims to make students as industry ready technocrats through redefining OBE. SRIET is assigning importance to requirement of its stake holder, students, parents, Industry, society and Alumni. Industry is playing key role in the area of curriculum design, in-plant training, internship, one credit

course and faculty training.

SRIET is a fully Industry Integrated Institute, our students are learning theories in Class room, experimenting it in Lab and practicing it in our Industry. Learning in real working atmosphere exposes students to various challenges including problem solving, discipline, crisis handling, work force management & team spirit therefore making them fully Industry ready.

SRI Conglomerate of Industries:

SRIET is an Industry Integrated Institute offering quality Engineering Education to cater to needs of Industry. It aims at equipping our students with latest knowledge & practical training on technology much essential in operations of various industrial equipment and processes.

SRI Unit I:Manufactures high quality machined Steel Castings at Edyarpalayam, Coimbatore

SRI Valves:Manufactures wide range of Industrial Valves at Arasur, Coimbatore.

SRI Unit II:Manufactures high quality Investment Castings at Kariyampalayam, Coimbatore.

Training Modules:

SRIET developed customized training modules incorporating the views of Industrial Experts to bridge the gap between Curriculum and Industries. SRIET provides opportunity for the students to get industrial exposure during the tenure in institute which ensures creation of industry ready engineers.

Training modules are formulated,

- Stake holder analysis.

7.3.2 - Plan of action for the next academic year

The academic field is experiencing massive reforms globally amid the present pandemic scenario. The role of IQAC is inculcating value system among students and plans to carry out actions that would contribute to the overall performance of the institution.

The IQAC will concentrate its efforts on forging more official connections with other colleges and universities through MoUs in order to enhance information transfer.

There is a lot of room for innovations and advice from the neighboring industry. In order to meet the needs of local enterprises in regards to testing, calibration, consultancy research, etc., it is intended to construct a TBI Center with all of the newest and most advanced equipment.

Reaching gender equality and strengthening women's rights is essential for sustainable development which is the prime motive of the Women Empowerment Cell of our institution will be effectively run in SRIET.

Establishing an energy-efficient campus by enhancing the current energy-efficient facilities and conducting regular Green Audits.

Conventionally, the solid waste from SRIET has been disposed safely to the external vendors. Apart from this, we have planned to implement Leaf Waste Management System for disposing off the leaf wastes, so that it does not harm the environment. Biogas plant available in SRIET generally consumes 30kilograms of food wastes daily. The future scope is to increase the capacity of biogas plant for larger consumption.
